

Straighten My Life Out

The Winans

I have to admit
That I thought I had it under total control
The feelings inside
Seem to override what I know

I'll take the blame
And I feel quite ashamed
That I let it go this far

So I'm coming to you
Honest and true
Telling you
Do what you have to for I...

Chorus
I don't want to love wrong
I don't want to see wrong
I don't want to be wrong

So straighten my life out again
Straigten my life out again

Verse 2:
Now believe me I've learned
And the greatest concerns
That it never happens again

So here's where it ends
I'm making amends
I lived that way once
I can't live that way again I...

Chorus

Bridge
You said you could make the crooked straight
And in the middle of a desert
You could spring a well

So what I'm asking of you
Ain't hard for you to do
Would you just take my life, make it right
Turn this darkness into light

New Chorus:
For I just want to love right
I just want to see right
I just want to be right

So straighten my life out again (2x)

Lead:
Please do it for me
Please do it for me Jesus
Would you just straighten my life out

Straighten my life (2x)

Straighten my life out
(repeat out)
