

How Long

The Winery Dogs

Oh there's a bright sun been shinning
since the day that I met you baby
All of the hard times and drama
that's been wearing me out is over

How long have I been waiting for someone like you?
How long have I been saying? we're everlasting truth

All of the worry I live with somehow
found a way out of my mind
And all of the shadows that follow
got lost in a flash of light... I know it's true

How long have I been waiting for someone like you?
How long will I be saying we're everlasting truth
How far can we take it? We both can't lose
How long have I been saying? we're everlasting truth

Just like a fever took over in my dreams
But this is real and it's been a long long long road

Into this life flipping me over
I've got no words, I don't know
I don't know, I don't know, if I can
Can I call you my love?

How long have I been waiting for someone like you?
How long will I be saying we're everlasting truth
How far can we take it? We both can't lose
How long have I been waiting for you?
