

# The Lamb

## The Winery Dogs

I'm the lamb, I'm the lamb, I'm the lamb, I'm the lamb  
Lead me home, I am so lost  
I'm the lamb, I'm the lamb, I'm the lamb, I'm the lamb

Look in my window, there's no one home  
The fire's burning, but I'm so cold  
The stormy weather caught me  
The heat of summer? s gone  
Been hit by madness, the weight of stone

Am I on the right side of wrong?  
Where do the survivors belong?

I need someone to lead me like a lamb  
Down the path to the water  
Are you gonna feed me from your hand?  
I'm the lamb at the slaughter  
Are you gonna bleed me till I'm dry?  
Hide my eyes, like a martyr  
I'm gonna let you lead me, here I am  
I'm the lamb, I'm the lamb

I should be nervous, but you're so cool  
A sudden taste of magic and I've got no control  
Too high to stop it, too low to know

Am I on the right side of wrong?  
Where the survivors belong

I need someone to lead me like a lamb  
Down the path to the water  
Are you gonna feed me from your hand?  
I'm the lamb at the slaughter  
Are you gonna bleed me till I'm dry?  
Hide my eyes, like a martyr  
I'm gonna let you lead me, here I am  
I'm the lamb, I'm the lamb

So are you gonna lead me like a lamb  
Down the path to the water  
Are you gonna feed me from your hand?  
I'm the lamb at the slaughter  
Are you gonna bleed me till I'm dry?  
Hide my eyes, like a martyr  
I'm gonna let you lead me, here I am  
I'm the lamb, I'm the lamb

I've got no focus baby  
I'm like a lamb, you lead me where you want me to go  
I'm in your hands, won't you lead me  
lead me, lead me to my home  
Where the light is on, can you make me strong?  
I'm over searching for meaning, ooh  
what does it mean to you to me to them  
To what whatever... whatever, ooh

I'm the lamb, I'm the lamb, I'm the lamb, I'm the lamb

I'm the lamb, I'm the lamb, I'm the lamb, I'm the lamb
