

Ghost

The Wolfgang Press

Something hiding behind me
Something hiding behind me
I know what do you think of me
Tripping the line stuck in the mud

Somebody in my lane
Who who who I said freak
Somebody in this place
Has been put out to grass
I said it could be you
The ghost in my life

I WONT LIE I WONT HATE I WONT CRY I WONT SHAKE
I'M THE GHOST IN THE WAY

You sold me down the river, my friend
You said you were my best friend, never again

Where is England now?
Is it America?
Where is my home?
It's not where it was
Is that a stupid word
I found another day?

I WONT SHY I WONT SAY I WILL FALL IN THE WAY
SO SAY WHY I'M THE GHOST IN THE WAY?

What do I do and what do I say?
What do I know and what should I save?
I'm still playing at being a prayer
What do I know and what should I say?
Give me your smile to show me your faith

Prose in my head, I am the bird
And this obsession is turning back, turning back

Take me to the ladder and force me into place
Take me to the ladder and put me in my place

What do I do and what do I say?
What do I know and what should I save?
I am still playing at being a prayer
What do I know and what do I care?
What do I know and why should I share?
I'm still playing at being a prayer
At this unholy hour
At this unholy place
At this unholy hour

I AM THE GHOST IN THE WAY I AM THE GHOST IN THE WAY
