

Defiance

The Young Veins

There was a hope when we found the bridge
Of a place we had never been in defiance
And ever since I was a kid they said just stay away from there
Boy don't you ever live in defiance
Defiance

From the outside looking in I sure do make an easy target
It's nice to think that you are always wanted
I'm not afraid to laugh and I don't mind taking photographs
Because you don't ask for my autograph in defiance
Defiance

Now she said that it was rust and lead
That love could never live again
But we found a way to make it stay
In defiance, she asked, defiance, she asked

Can't we just be friends?
This kinds of thing always happens
I fell in love again with defiance
In defiance, of defiance
Defiance
Defiance
Defiance
