Nothing Matters But You

The Young Veins

Since we met

I sit around and want you
I don't do the things I oughta do
I'm so in love I let the world go by me
Nothing matters but you
Nothing matters but you

Every dream I dream
I dream about you
Lovin you is all I want to do
I'm so wrapped up that nothing can untie me
Nothing matters but you

Most folks need a world to conquer Something big to do They don't know the worlds I conquer When I'm kissing you

Let them all go chasing after rainbows I have found my pot of gold in you Your love is all I need to satisfy me Nothing matters but you Nothing matters but you
