

# I Could Spend The Day

The Zombies

I could spend the day  
Just laying here  
Sweet beside you  
Lazing time away  
With gentle feeling of life

Would you want to hear  
I would fall  
Try said that I mean it

Sunlight gently cheers  
Too deep, I sweep our eyes

So what do you say  
The sun has started rising  
Would you spend the day  
Just laying sweet with me

I could spend the day  
Just laying here  
Sweet beside you  
Lazing time away  
With gentle feeling of life
