

Marchin'

Theophilus London

Oh, no, no, no
Ooh, ooh, ooh
Ooh, la-la-la-la

Hey, I'm leaving you miles away
Praise on, praising Lord today
Temporary, far away
Temporary, far away
Girl, I wish for you, yeah, I'm calling
Can you hit my line?
When we fell in love, was just growing up
And it all seems fine
But please make no mistake
I beg ya, be you safeguard, girl
I'll be your safeguard, girl

Bow, marchin'
Leave in your silence, alone
Dozen of nights in the cold
Down, down, below
Tryna find your company, yeah
You don't know which way to go
Dozen of nights in the cold
Drowning down, below
Tryna find your love for me

I'm running, marchin'
I'm running, marchin'
I'll run to you if your car break down
Marchin'
I'm running, marchin'
I'm running, marchin'
I'll swim to you if your boat sink down
Girl, I rush for you
Girl, I run for you

Yeah, you're out this world
You change my life, it's love at first sight
You know you're my girl
Please make no mistake, ah
Please make no mistake, ah
Please make no mistake
Ooh, ooh, ooh-ooh-ooh
Ooh, ooh, ooh (Bring me vibes tonight, night, yeah)
Ooh, hey, bring me back, back vibes
Praises to Selassie
Break open these vibes (Ay yeah, yeah, yeah)
Break open these vibes (Ay yeah, yeah, yeah)

Marchin'
I'm lovin' you 'til it's a law
With dozen of nights in the cold
Down, way below
Tryna find your love for me
