

The Khlysti Evangelist

Therion

Rasputin, the Black Munk's
Coming like a new born

In Sibiria you saw the Black Munk preach
Russian Gnostic words of hidden wisdom
See the mistery in the ecstatic eyes
Hear a song as sinful as the moon

Rasputin, your fever
Will infect the women

Fell the ecstasy when he inverts the world
Secret Gnostic rites of Khlysti Gospel
Follow Rasputin in the enchanted dance
Feel a heat as ardent as the snow
