```
Glistening white triangular tooth
Open up a can of tomato juice
I've got a fang
I've got a fang
I've got a fang
Girlfriend took me to meet her dad
He didn't like me because I look so bad
I've got a fang
I've got a fang
I've got a fang
Girlfriend took me to meet her mom
Her head exploded like a atom bomb
I've got a fang
Glistening white triangular tooth
Open up a can of tomato juice
I've got a fang
I've got a fang
I've got a fang
