## **Downtown Sundown**

If you want your freedom There is nothing planned If you really need him I will understand

Please believe in love I believe there is a God above For love And He's coming, yes He's coming

If you want to fly Then fly away All the cloudy skies Belong to yesterday

Please believe in love I believe there is a God above For love And He's coming, yes He's coming

In the shadows the swallow dies No one knows the hobo hides There is no need to apologize This is the story of a downtown sundown

If you climb the mountain You will see There is no great distance Between the Lord and me

Please believe in love I believe there is a God above For love And He's coming, yes He's coming

In the shadows a swallow dies No one knows the hobo hides There is no need to apologize This is the story of a downtown sundown
