Rosalie/Cowgirl's Song

Thin Lizzy

She's quite a mediator A smoother operator you will never see S aid "See you later" You know one day I disobeyed her openly

She knows music I know music too, you see She's got the power T he teen queen, Rosalie

She's got the pleasure Comes from all the cornerstones of the w orld She's so fantastic She's everybody's favorite little recor d girl

She knows music I know music too, you see She's got the power I got the power, Rosalie

Rosalie Rosalie Rosalie Rosalie

Down on me, Rosalie Shine on me will you please

From Chattanooga to good old Boogaloosa You can hear her fine S he makes the choices Then you'd best be smiling when it's choos ing time

She knows music I know music too, you see She's got the power S he is a tower, Rosalie
