

# Don't Believe a Word

Third Eye Blind

Cigarette fingers ember stain  
Incriminating notes on a paper chain  
Did you ever get the feeling that you've been cheated?  
I wanna bust out I've not been defeated  
You're all strong bones they hold no water  
Got the big fake smile, you just get sadder  
Time wound down and you've been cached  
Because half measured shows are all half ass  
How did we ever end up this way?  
And I fall numb in disarray  
I'm cultivating my ignorance  
Didn't we have some standards once?  
I hate you and your cowboy boots oh  
You wanted clever, and you settled for stupid  
You threw it all away so indiscreet  
Like a bad boy ready so dirty little cheat

It's a shallow vicious state of mind  
Like an angry joke, getting dumped online  
Give me back my photos will you?  
You fucking whore I'll kill you

(Don't believe it) Don't believe a word  
(Don't believe) Just keep on breathing  
(Don't believe it) Cause pretty soon  
(Don't believe) That dead King George will wake up screaming

Our soundtrack is the slowest thing  
Some will ache, replace the sting  
Rap stars brag about shooting each other?  
Whatever happened to brother brother  
We like thugs when they attack  
And we like crime when it's black on black  
And isn't this you you cold hearted fake?  
Isn't this more than you can take?

(Don't believe it) Don't believe a word  
(Don't believe) Just walk on by  
(Don't believe it) This mobile gas  
(Don't believe) And then we all can all get high

(Don't believe it) Don't believe a word  
(Don't believe) Just keep on breathing  
(Don't believe it) Cause pretty soon  
(Don't believe) That dead King George will wake up screaming

Wake up screaming (hahaha)  
Wake up screaming (Ohhhhhh)

YEAH! (yeah!)  
YEAH! (yeah!)  
YEAH! (yeah!)  
YEAH! (yeah!)

Round up on the big lynch pins  
I hope we don't get fooled again  
All sensation makes no sense

You got some insane confidence  
I can't find myself I can't change the station  
In this cold damp cellar in this pity nation  
Scandalize now with such ease  
America, give me back my keys  
Say hello to soldiers squeeze  
The trigger on fake enemies  
We're all aboard, and all alone  
Till you come home  
Bring us home

(Don't believe it) Don't believe a word  
(Don't believe) Just keep on breathing  
(Don't believe it) Cause pretty soon  
(Don't believe) That dead King George will wake up screaming

(Don't believe it) Don't believe a word  
(Keep on breathing) Don't believe a word  
(Don't believe it) Don't believe a word  
(Don't believe it) Don't believe a word
