

Joke

Third Eye Blind

Nothing's serious
Everything's a joke
When we smoke
It's all in smoke, yeah

I feel fine when we're high
I'm gonna light you on fire
I laugh so hard, you make me cry
Let's light everything on fire

I'm getting better at forgetting
Everything that's heavier
All a joke
It's all a joke, yeah

I feel fine when we're high
I'm gonna light you on fire
I laugh so hard, you make me cry
Let's light everything on fire

It's all a joke, yeah

I feel fine when we're high
I'm gonna light you on fire
Laugh so... you make me cry
Let's light everything on fire
Let's light everything on fire
