

The Kids Are Coming (To Take You Down)

Third Eye Blind

(1, 2, 3, 4)

She's battling, she's battling, she's stepping up and jabbing
She's been back stabbed, bet she's been back stabbed
But she's alright
She's alright

And she's got some cuts and she's messed all up
And she got shot up, yeah it's all fucked up
But she's alright
She's alright

And the kids are coming to take you down
And the kids are coming
To take you down, down, down, down

I'm beginning
To think we're getting stronger
Finally show our teeth
She's got the black flag on her shoulder
Says I'm just beginning
To think we're getting stronger

She's been down range, just to fire down rounds
She just broke her mind and we let her down
But she's alright
We will be in this fight

And the kids are coming to take you down
And the kids are coming
To take you down, down, down, down

I'm beginning
To think we're getting stronger
Finally show our teeth
She's got the black flag on her shoulder
Says I'm just beginning
To think we're getting stronger

She's battling, she's battling, she's stepping up and jabbing
She's been back stabbed, bet she's been back stabbed
And if you step up, she will fuck you up
And it's alright
To dream just a little
Of taking you down, down, down
Down, down, down

I'm beginning
To think we're getting stronger (Think we're getting stronger)
Finally show our teeth
She's got the black flag on her shoulder (I got it on my shoulder)
I'm just beginning
(She's battling, she's battling, she's stepping up and jabbing)
(She's been back stabbed, bet she's been back stabbed)
I'm just beginning
(And she's got some cuts and she's messed all up)
(And she got shot up, yeah it's all fucked up)

I'm just beginning
(But she's alright)
(She's alright)
(She's alright)

This will never be...
