

Walk Like Kings

Third Eye Blind

Tell me where you been, where'd the summer go
All these motherfuckers fucking with my flow
And your G550 cabin's kinda narrow
Skip the FBO, time to get up in this hotel
Lobby boy, can you bring the luggage please?
It's a surplus duffle bag, contraband in the valise
And all our enemies, we drop them to their knees
I watch you walk across the lobby on their skulls, as you please

Where have you been?
Where have you been now?
Where have you been?
Where have you been now?

Sparkle across the sea just like diamonds
They're all for you and me, let's go find them
And live in the lux life
It's only gonna last for a moment
So walk like kings
And never say sorry
So walk like...

Oh oh oh oh girlie, I live for your squeeze and
We'll steal the rest, don't need these luxuries
And you fucked me for fun and now you fuck me for a reason
How's it feel to be a tourist out of season?
It's the season, it's the season

Sparkle across the sea just like diamonds
They're all for you and me, let's go find them
And live in the lux life
It's only gonna last for a moment
So walk like kings
And never say sorry
So walk like (kings)

Never sorry for anything, anything
We're gonna walk like kings
Let's go find our own, find our own
We're gonna walk like kings

Sparkle across the sea just like diamonds
They're all for you and me, let's go find them
Let's go, and live in the lux life
Never sorry for anything, anything
It's only gonna last for a moment
So walk like kings
And never say sorry
