

Talk To Me

Third World

It ain't easy to sit down
And watch my brothers lose their brain
It ain't easy to sit down
And watch the whole damn world go insane

Come on over, yeaheah (Talk to me)
Have a little word with me, yeaheah (Talk to me)
Come on over, yeaheah (Talk to me)
Have a little word with me, yeaheah (Talk to me)

I see sunshine in your life
Oh, there's so much things that you wanna change
But if you don't find it absolutely necessary
Don't stand there and act so strange

Come on over, yeaheah (Talk to me)
Have a little word with me, yeaheah (Talk to me)
Don't be afraid, no, no, no (Talk to me)
I said come on, come on over (Talk to me)

(Talk to me)
Yeaheah (Talk to me)
Oho (Talk to me)

Ain't no easy pretending, you can't do it by yourself
Oh, Lord knows you need somebody else
You shouldn't be keeping secrets, they only clogg up your mind
Why can't you find a friend, sharing some time?

Come on over, yeaheah (Talk to me)
Have a little word with me, yeaheah (Talk to me)
I said come on over, yeaheah (Talk to me)
Have a little word with me, yeaheah (Talk to me)

Haven't you heard, haven't you heard?
Oh, you got to know the word, know the word
Talk, talk, talk, yeah (Talk to me)
Say, when you see the next man come in, said (Talk to me)

And if you see the minister walk in, yeah (Talk to me)
Don't be afraid, get out of yourselves (Talk to me)

Oh, don't do no bad, do it fine (Talk to me)
Conversation, release the tension in your mind (Talk to me)

Yeaheah, you can't keep it all by yourself (Talk to me)
Yeaheah, yeah, yeah, yeah (Talk to me)

Anywhere (Talk to me)
I don't care (Talk to me)
Oho (Talk to me)

Yeah, yeah, yeah, yeah (Talk to me)
If you got something to say (Talk to me)
You better say it right away, yeah (Talk to me)
Oh, just don't wait 'till another day (Talk to me)

Come on over, come on over, come on over (Talk to me)
Come on over, come on over, come on over (Talk to me)
Yeah (Talk to me)
(Talk to me)

Talk to me
Don't pass me
She's right next door to you
Talk to her

Everybody needs a friend
Down to the very end
They may pretend that it's not true
I share the same feelings just like you
Talk to me

Come on over, talk to me
Hey, my brother, talk
Talk

Now that you found love
Tell me what you gonna do
Now that we all found love
Tell me what you gonna do

I been talkin' to you
About love that's true
I can't hide the truth inside
Throw away that goddamn pride

Talk to me, baby
Talk to me, Carry
(Talk to me)
Come on over, come on over, come on over (Talk to me)
Come on over, come on over, come on over (Talk to me)
