

Dreamer

Thirsty Merc

She's alright
But I think about her more all night
I guess I'm a dreamer
I really wanna see her now

I buy her things
If pretty polly wants diamond rings
I guess I'm a dreamer
I really wanna see her now

Sometimes I call her name
But does she even feel my pain
I don't know if she even knows that I'm there

Well I take my time
But I only hear the same old line
I guess I'm a dreamer
I really wanna see her now

I guess I'm a dreamer
I guess I'm a dreamer

I guess I'm a dreamer
I guess I'm a dreamer

Well sometimes I call her name
But does she even feel my pain
I don't know if she even knows that I'm there

Well I take my time
But I only hear the same old line
I guess I'm a dreamer
I really wanna see her now

I, want us to be together
I, want us to be together
That is true

Well sometimes I call her name
But does she even feel my pain
I don't know if she even knows that I'm there

Well I take my time
But I only hear the same old line
I guess I'm a dreamer
I really wanna see her now
I guess I'm a dreamer
I really wanna see her now
I guess I'm a dreamer
I really wanna see her ... now
