She's alright
But I think about her more all night
I guess I'm a dreamer
I really wanna see her now
I buy her things
If pretty polly wants diamond rings
I quess I'm a dreamer
I really wanna see her now
Sometimes I call her name
But does she even feel my pain
I don't know if she even knows that I'm there
Well I take my time
But I only hear the same old line
I quess I'm a dreamer
I really wanna see her now
I guess I'm a dreamer \ 
I guess I'm a dreamer
I guess I'm a dreamer
I guess I'm a dreamer
Well sometimes I call her name
But does she even feel my pain
I don't know if she even knows that I'm there
Well I take my time
But I only hear the same old line
I guess I'm a dreamer
I really wanna see her now
I, want us to be together
I, want us to be together
That is true
Well sometimes I call her name
But does she even feel my pain
I don't know if she even knows that I'm there
Well I take my time
But I only hear the same old line
I guess I'm a dreamer
I really wanna see her now
I guess I'm a dreamer
I really wanna see her now
I guess I'm a dreamer
I really wanna see her ... now
