

## Now or Never

Thirsty Merc

Hey girl  
You're runnin' away from me  
I can't give you any more than honesty  
I must read like an old love letter  
Little girl  
It's now or never

We've had  
Some time to learn the rules  
I'm so bad at wearing other people's shoes  
I really thought that we could be together  
And that's why  
It's now or never  
(It's now or never)

And like a candle burning  
Both ends are melted all through  
My hourglass is turning  
I can't live this life without you  
And I don't care if they say  
I'm off my head  
Cause baby when it's now or never  
It's now or never

We both know  
You called my phone to speak  
But I was freakin' so I turned the other cheek  
I know now was less than clever  
Little girl, it's now or never

If you  
Could read my troubled mind  
If only you could feel my heart beat overtime  
I'd make it known on this earth forever  
I want you  
And it's now or never  
It's now or never

And like a candle burning  
Both ends are melted all through  
My hourglass is turning  
I can't live this life without you  
And I don't care if they say  
I'm off my head  
Cause baby when it's now or never  
It's now or never  
It's now or never

Im not off my head  
Im not off my head  
Im not off my head  
Im not off my head
