

Timeless Beauty

Thirsty Merc

Timeless beauty, I just love you
And it's no accident that people feel this way
If I told you my love's timeless for you
What would you say?

Well people spend a lifetime trying to describe it
But it's all just words
And I seem to be staring at a paper bag sky
In a thrift shop world
And we all keep turning pages
Moving on to better places
But when I met you for the first time, honey
Something about you goes on

Timeless beauty, I just love you
And it's no accident that people feel this way
If I told you my love's timeless for you
What would you say?

We build cities and highways and flood them in light
And we hide away
We send our feelings flying down the telegraph lines
And we wish for change
And we live inside the moment
We learn one another's secrets
But when I met you for the first time, honey
Something 'bout you goes on

Timeless beauty, I just love you
And it's no accident that people feel this way
If I told you my love's timeless for you
What would you say?

Ooh ooh ooh ooh
You're lighting up the modern world
Ooh ooh ooh ooh
You're lighting up the modern world

We live inside the moment
Learning one another's secrets

Timeless beauty, I just love you
And it's no accident people feel this way
If I told you my love's timeless for you
What would you say?

If I told you my love's timeless for you
What would you say?
