

# Everywhere Everything

This Century

Hey prima donna  
Don't you wanna  
Come a little closer  
Stay a little longer

'Cause I hear your voice cut through the noise  
And I wanna hear the words you say  
Hey prima donna  
Don't you wanna talk to me

She comes and she goes  
She's everywhere I wanna be  
When she's high she's low  
She's everything, everything  
I follow her like satellites  
Around and 'round she goes  
She's everywhere, she's everything

Hey Aphrodite  
Don't you see me standing in your sunrise  
Soaking up your daylight  
'Cause I know your smile will last for a while  
But I need you more and more each day  
'Cause I hear your voice cut through the noise

She comes and she goes  
She's everywhere I wanna be  
When she's high she's low  
She's everything, everything  
I follow her like satellites  
Around and 'round she goes  
She's everywhere, she's everything

Spinning like a perfect diamond  
Glowing in the light, she's shining  
Just the way I like it  
And I can't fight it  
Spinning like a perfect diamond  
Baby keep it raining down on me

Down on me (down on me)

Hey prima donna  
Don't you wanna  
Stay a little longer  
And talk to me

She comes and she goes  
She's everywhere I wanna be  
When she's high she's low  
She's everything, everything  
I follow her like satellites  
Around and 'round she goes  
She's everywhere, she's everything  
She's everywhere, she's everything

She's everything

She's everything
