

## A Little Bit of Lovin'

Thomas Anders

Seven in the morning  
Time to start a new day  
I watch you gettin' ready to go  
And the waitin' seems endless  
Till i see you again  
Should teach my heart to be patient, i know

Just give me one  
Kiss  
And i'm dreamin' all day  
A little bit of lovin' goes a long, long way  
Only one  
Kiss  
And the promise you'll stay  
A little bit of Lovin' goes a long, long way  
Yes, a little bit of lovin' goes a long, long way

I miss you already  
You've just walked out that door  
And again the sun goes with you  
I'm a fish without water  
When you're not around  
If you stopped loving me what would i do
