

# Dance In Heaven

Thomas Anders

Tears in my eyes  
The last goodbye  
I hang the phone down one last time  
And suddenly you're gone  
The memories will stay  
They won't fade away  
Even though you're no longer here  
You always will be near

And may you dance in heaven  
And all your dreams come true  
And may you find in heaven  
Skies are always blue  
Somehow i know on that day  
At the end of my life  
We're gonna dance in heaven  
Into the light

I must be strong,  
Life carries on  
And although time might heal the pain  
The world won't be the same
