

I'll Be Strong

Thomas Anders

Chorus

I wanna leave
The fear behind
Run away
And don't stop to fight

I wanna know the truth
That we'll be always right

I will never look for
I will never look for
My way

Till the end of my days
I will find my own place
To say

I'll be strong
I'll do it on my own

Chorus

I wanna stop
This senseless run
Have come undone
I wanna reach the sky
And try to touch the sun

If the sun is dark
There are all the stars
To light your way

If the night is long
You can right on wrong
And start the day

I'll be strong
I'll do it on my own
