

You Are My Life

Thomas Anders

I'm hoping
By the time you hear this words
You'll have a change of heart
Along the way I love you
And it's no ordinary want I
that sends me every time I hear your name

I welcmoe every day
As precious and brand-new
No day will go to waste
Sharing with you

You are my life
You're all I am
I cant live without you
You're the one, who understands
You are my life
You're all I am
My life can be yours again

I'm holding
All the years we had up to the light
The falling out we might affair just face
Believe me
That just one sentiment tonight, sentiment tonight,
It's so much more than all fun mistakes
Mmm, more...
We can welcome every day
As precious and brand-new N
o day will go to waste
Sharing with you
