

# Everybody Knows

Thomas Dybdahl

Well, everybody knows  
And everybody understands  
As somethings you don't explain

I don't believe in miracles  
I don't believe in faith  
But sometimes when it's cold outside  
And it's getting late

I don't believe in the signs  
I don't believe in God  
But sometimes when it's cold outside  
And your in my arms

Well, everybody knows  
And everybody understands  
As somethings you don't explain

I don't believe in miracles  
I don't believe in faith  
But sometimes when it's cold outside  
And it's getting late

I don't believe in the signs  
I don't believe in God  
But sometimes when it's cold outside  
And your in my arms

I don't believe in miracles  
I don't believe in faith  
But sometimes when it's cold outside  
And it's getting late

I don't believe in the signs  
I don't believe in God  
But sometimes when it's cold outside  
And your in my arms

Well, everybody knows  
And everybody understands  
As somethings you don't explain
