

I Surrender

Thomas Godoj

I'm alive through the fire
I've been walking 'til I found you
I can breathe I can feel
Within my world is changing
You got me shakin'
My walls are breaking

I surrender,surrender
You got me falling
I surrender,surrender
All I need I find in you
Yeah I do
I surrender

I was dead I was blind
Out of hope until I found you
Band my head to the wall
I've been living life in circles

You got me shaking'
My walls are breaking

I surrender,surrender
You got me falling
I surrender ,surrender
All I need I find in you
Yeh I do
I surrender

And I've been losing it before
And I've been going under
And I'd be lost here without you

I surrende,surrener
You got me falling

I surrender ,surreder
You got me falling
I surrender,surrender
All I need I find in you

I surrender,surrender
You got me falling
I surrender surrender
All I need I find in you

And I do
I surrender
