

# Playing With Fire

Thomas Rhett

I know I should let it go  
Take a different road  
When I'm driving home  
But I don't want to

Delete your number from my phone  
Instead of calling  
Asking if you're all alone  
But I don't want to

Stay away  
From your side of town  
But it's too late  
I'm in your drive right now

I don't know, why I don't  
Put it out baby  
We kiss and the flames  
Just get higher  
But yeah I know  
When I hold onto you baby  
I'm all tangled up in barbed wire  
I get burned, I don't learn  
I'll be back, give it time  
Yeah, I know it sounds crazy  
But guess I like playing with fire

Ooo-ooo

I could find a spot to  
Go hang out on Friday night  
Where you are gonna be  
But I don't want to, no

Yeah, I could let it end  
Call it quits, call off  
All this on and off again  
But I just don't want to

Yeah that key  
Is right under the mat  
Come on in, baby  
Let's strike that match

I don't know, why I don't  
Put it out baby  
We kiss and the flames  
Just get higher  
But yeah I know  
When I hold onto you baby  
I'm all tangled up in barbed wire  
I get burned, I don't learn  
I'll be back, give it time  
Yeah, I know it sounds crazy  
But guess I like playing with fire  
Playing with fire

So let's fire it up one more time  
(Fire it up one more time)  
Baby just put your lips on mine  
(Lips on mine)

I don't know, why I don't  
Put it out baby  
We kiss and the flames  
Just get higher  
(We kiss and the flames  
Just get higher)  
But yeah I know  
When I hold onto you baby  
(Onto you baby)  
I'm all tangled up in barbed wire  
(All tangled up)  
(I'm all tangled up)  
I get burned, I don't learn  
I'll be back, give it time  
(Give it time)  
Yeah, I know it sounds crazy  
(Sounds crazy)  
But guess I like playing with fire  
(Playing with fire)  
Playing with fire  
(Playing with fire)

Playing with fire, huh
