

Actionman

Those Dancing Days

You are the best guy I could ever ask for
With you I'll experience sides of life that will never leave me
It's just we've come to a time where our ways go apart
Maybe to meet up again probably not

Still I don't lie when I say I love you
But I'm a girl who needs some action
You are not my actionman anymore
Still I don't lie when I say I love you

Don't act like this comes as a shock
I know you noticed the fact in the corner of your mind
You told me many times you won't survive without me by your side
But please don't mistrust

Still I don't lie when I say I love you
But I'm a girl who needs some action
You are not my actionman anymore
Still I don't lie when I say I love you

Soon you'll hook up with the prettiest girl in town
and when you do I will feel a sting of regret
'cause the grass is always greener on the other side

Still I don't lie when I say I love you
But I'm a girl who needs some action
You are not my actionman anymore
Still I don't lie when I say I love you

Still I don't lie when I say I love you
But I'm a girl who needs some action
You are not my actionman anymore
Still I don't lie when I say I love you

I wish there were a way back
But I'm afraid I can't find one
