

## Reaching Forward

### Those Dancing Days

I'm inside of me  
Searching through things  
Trying hard to find  
Pieces to match  
Together in life

Rearranging  
My confusing thoughts  
Trying hard to find  
Feelings that I  
Can bring back alive

I believe in so much more  
Than just being nice and saying alright  
I deserve to be this good  
Don't you bring me down  
There is so much more to life than this  
I just cannot say it straight to your face

Falling sideways  
Reaching forward  
Making tears fall down  
Ready to aim  
Ready to fight

Complicated  
Words in silence  
Making tears fall down  
Ready to fight  
I know that I'm right

I believe in so much more  
Than just being nice and saying alright  
I deserve to be this good  
Don't you bring me down  
There is so much more to life than this  
I just cannot say it straight to your face 2x

There is so much more to life than this  
I just cannot say it straight to your face
