

# Good Old Feeling

## Three Dog Night

Ooooooh yea yea  
Listen to me people  
Money is fancy clothes  
No I don't need none of that  
All I need is a jungle hat  
And a shirt upon my back  
Give the feel of a country road  
And a friend to pass the time  
Let the sun shine down on me  
And I'll sing upon your hippie time

Good old feelin' in my heart  
Got a feelin'  
That good old feelin' in my heart  
Don't ya know, don't ya know I feel it  
Good old feelin' in my heart  
trotin dayah fevoohhh Good old feelin' in my heart  
Good old feelin' in my heart

I remember when momma told me  
When I was a little boy  
She said my son your life won't always be easy  
You will not always find joy  
You got to listen to me people  
Cause I live life day to day  
No matter what I'm doing, or where I go  
I take a little time to pray

Good old feelin' in my heart  
Don't ya know the feelin'  
That Good old feelin' in my heart  
I got your feelin'  
Good old feelin' in my heart  
Can you feel my braces baby  
Good old feelin' in my heart  
Everybody walkin' round  
I listen to them talk  
Everybody's complainin' about livin'  
Well people don't ya know the joyous life  
Is not when you receive  
So the next time around  
Why don't you try a little giving

Well that good old feelin' in my heart  
Can't get it out your head yea  
That good old feelin' in my heart  
Got to help me sometimes Lord  
Good old feelin' in my heart  
Yeah ohhhh

Good old feelin'  
Good old feelin' in my heart  
Good old feelin' in my heart  
Good old feelin' in my heart  
Good old feelin' in my heart  
Good old feelin' in my heart  
Good old feelin' in my heart

Good old feelin' in my heart  
Good old feelin' in my heart
