

# I'd Be So Happy

Three Dog Night

Once in a while I could look at you  
See the twinkle in your eyes  
With not a word between us  
See you smilin' because you read my mind  
Once in a while I could hold you  
Not have to say a thing  
Though I was giving you all my love  
Just by what you were feeling  
Oh, I'd be so happy  
Happier, happier than I've been  
Oh, I'd be so happy  
Happier, happier than I've been  
Once in a while I could wake up  
Find you lyin' there, touchin' me  
Oh my little girl, once in a while I could wake up  
Find you lyin' there, touchin' me  
Once in a while twenty years from now  
After all that we've been through  
I could tell you by one caress  
That it's been good bein' loved by you  
Oh, I'd be so happy  
Happier, happier than I've been  
Oh, I'd be so happy  
Happier, happier than I've been  
Oh, my little girl  
Oh, I'd be so happy  
Happier, happier than I've been  
Oh, I'd be so happy  
Happier, happier than I've been  
Oh, I'd be so happy  
Happier, happier than I've been
