

Don't Let Me Down

Throw The Fight

Tear me to pieces and bury my heart
Millions of reasons to quit from the start
Over and over this pain never ends
Wipe off your smile fuck your "let's just be friends"

Liar
Straight from the start
Her lips were fire
Burning my heart

Let me down don't let me go
Cut me off enjoy the show
Nothing left to give at all I am broken
Don't let me down (don't let me down)
Don't let me down
Memories of cutting and blaming myself
All because I couldn't see through this hell
Tell me I'm nothing and I should let go
Waiting for answers that I'll never know

Liar
Straight from the start
Her lips were fire
Burning my heart
Don't let me down (don't let me down)
Don't let me down (don't let me down)
Don't let me down (don't let me down)
Don't let me down
We are rising from the ashes
We are rising to the stars
We are rising from the ashes
We are rising to the stars

Let me down don't let me go
Cut me off enjoy the show
Nothing left to give at all I am broken
Don't let me down (don't let me down)
Don't let me down (don't let me down)
Don't let me down (don't let me down)
Don't let me down (don't let me down)
