

The tears roll down my face
My heart skips every beat
And I lie here awake
Too scared to even breathe
The thoughts run through my head
Dear God, say it's not me
I'm sorry, it's a war
But this fight is not over
When you are with me

I know there is no answer, but you make me feel whole
You take me from reality of this world
I know there is no answer, but you make me feel right
You take me from the nightmare of my life

It's been 24 hours
Since I reached for the sky
And I pray for the strength
To make it through this day
With each step that I take
I fight harder to live
I won't fail, I won't fall
With you beside me through this
Nothing can break me

I know there is no answer, but you make me feel whole
You take me from reality of this world
I know there is no answer, but you make me feel right
You take me from the nightmare of my life

I know there is no answer, but you make me feel whole
You take me from reality of this world
I know there is no answer, but you make me feel right
You take me from the nightmare of my life

Without faith hope is dead
Without love death is the answer
Without you I am dead
Without trust my heart is broken
