

Paper Wings

Throw The Fight

Listen up as my voice cracks
Screaming out your name
Shut me out
Leave me to hang on your coattails
It's not who I am

I fly high on these paper wings
Taking me higher up toward the sun
I fly high on shattered dreams
Making me who I have become

Fly high
Paper wings
Taking me higher
I fly high on these paper wings
Taking me higher

Light the match
Put out the flame
That's burning inside your lungs
The smoke clears
Ashes fall
Covering the land where I belong

I fly high on these paper wings
Taking me higher up toward the sun
I fly high on shattered dreams
Making me who I have become

Fly high
Paper wings
Taking me higher
I fly high on these paper wings
Taking me higher

Light the match
Put out the flame
Burning inside your lungs
Light the match
Put out the flame
Burning inside your lungs

I fly high on these paper wings
Taking me higher up toward the sun
I fly high on shattered dreams
Making me who I have become

Fly high
Paper wings

Taking me higher
I fly high on these paper wings
Taking me higher
