

Exalted Resistance

Thulcandra

The seeing eye and inner flame
Of wisdom and sublime heights
Liberation from the slavery
The ascendant's temptation

A pact to illumine
The burning sign
Of resistance
A sacrifice from idols
The twilight of the black light
When forged in blood and tears
The mind is alive

You are blood - No soul in vain
You are flesh - Rising from the abyss

A choice of sight.
What he has seen
What he can give
The offer of liberation
We may gain
Eden's oblivion
The ruins of a maze
And the path to the divine
