

Fade Into The Sun

Thunder

I'm disintegrating, I'm falling to pieces
Wishing I was far from here
You, that's what it's all about
I've given you everything
But it's not enough

Maybe I'll fade into the sun
Would you cry? Would you notice I was gone?
If I fade into the sun

You talk like I'm not in the room
Are you patronizing me to put me in my place?
I'm erased by you, you see through me on a clear day
But I know I've gotta get away, away from you

But when I fade into the sun
I'll be alone with no horse, no hat, no gun
If I faded into the sun

Overwhelmed by all the underhanded things you do
Is it fear or just inertia, keeping me with you?
What's keeping me with you?

Just string the fool along while you're killing the time, yeah
Maybe there's somebody better you're hoping to find in your mind

Maybe I'll fade into the sun
Would you cry, would you notice I was gone?
If I fade into the sun

Would you notice I was gone?
Would your whole world come undone?
If I fade into the sun
