

Heartbreak Hurricane

Thunder

Days blur into one
Nights dragging slowly on
Regrets fill my head to the brim
I can't think any more
I'm tired, sleepless and raw
And missing you so
Like you'd never know

There's a black cloud following me all around
And a cold rain coming in sideways again
Like a heartbreak hurricane

I, I didn't tell you enough
Don't know why I was so scared of love
But it's too late now the moment has gone
So if I jumped overboard, if I fall on my sword
Would that make it right? Would that make it bright?

There's a grey sky hanging over my head in July
And the wind is insane, rattling my poor window pane
Like a heartbreak hurricane
Like a hurricane

And I can't think any more
I'm tired, sleepless and raw
And I'm missing you so
Like you'd never know

There's a black cloud following me all around
And a cold rain coming in sideways again
It's a heartbreak hurricane

And the wind is insane, rattling my poor window pane
Just like a heartbreak hurricane
