

# Watching over You

Thunder

Oh yeah whatever you do  
Whatever you say  
You know wherever you go  
I won't be far away  
Though the worst thing about it  
Is I can't put my arms around you

I see you walking around  
But you don't see me  
And I wanna tell you so much  
But I don't want you to see  
'Cause the worst thing about it  
Is I'm falling apart without you

You've got to know the truth  
I'm always watching over you  
In everything you do  
I will be watching over you

I can't shake this feeling I get  
You were born to be mine  
You're gonna see it my way  
It's just a matter of time  
Though the worst thing about it  
Is I can't tell you how much I want you

You've got to know the truth  
I'm always watching over you  
In everything you do  
I will be watching over you

In my head we should be together  
I wanna touch you, feel you close to me now  
Don't you turn me away  
Now you've stolen my heart

You've got to know the truth  
I'm always watching over you  
In everything you do  
I will be watching over you
