

## Is It Love?

Thundercat

Suddenly you came on to me  
Was it wrong for you to belong to me?  
Maybe we can find a way  
Everyday is like a dream to me

You said I need a place to go  
So we said let's go  
I let you out of my sight  
But you were stir-crazy  
Looking for the next best thing  
To fight is your escape route, and so is mine  
It was the best thing for you and me to unite  
No matter where we go the winds still blow  
Cause matters of the heart always lead you from the start

Suddenly you came on to me  
Was it wrong for you to belong to me?  
Maybe we can find a way  
Everyday is like a dream to me

Another day, another show  
And the wind just blows, In and out of my life  
You think I'm crazy cause all I want to do is relive the day th  
at I first met you  
Was right on time, It was a bright day and you were like a heav  
enly sign  
At the end of our tale, the loneliness prevails

Suddenly you came on to me  
Was it wrong for you to belong to me?  
Maybe we can find a way  
Everyday is like a dream to me

Its way easy for you and me, love  
It can't hold on, just be who you are
