

Dirt Metal

Thunderstone

Come on down here.
I feel false expectations, live by a name
Expect no revelations, it's not a game
Yeah

There's no such thing as thunder, that's nice and clean
It's all pure dirt i'm under, that's what i mean
Yeah

I'm turning the tables
From now on i walk
I walk my own way
Now hear me say
I'm not chained down by labels, i'm spreading like wild
fire
Taking you with me

Oh! Waste no time pretending, i'll raise my fist for
you
Screaming dirt metal
Dirt metal! Yeah

What's nice with self frustration, this one to give
I won't have mind-castration, it's time to live
C'mon

We're turning the tables, from now on i walk
I walk my own way, now hear me say

I'm not chained down by labels, spreading like wild
fire
Taking you with me

Oh! Waste no time pretending, i'll raise my fist for
you
Screaming dirt metal

Dirt metal!
C'mon scream!

I'm not chained down by labels, spreading like wild
fire
Taking you with me
I waste no time pretending, i'll raise my fist for you
Screaming dirt metal

I'm not chained down by labels, spreading like wild
fire
Taking you with me
I waste no time pretending, i'll raise my fist for you
Screaming dirt metal
Dirt metal!
Scream!
