

## Code Red

### Thy Disease

The fault lines, prevention  
Separation of the sick  
We're playing gods!  
Operation in a new faze  
New sources of disease  
Chemical terror

All the measures have failed  
Code red-is extermination  
The chemical death  
Code red, code red

Say, do you wanna see  
The fire burning in the sky of night  
Say, do you wanna see  
Say, do you wanna peel  
The blood propping from the eyes  
Say, do you wanna see?

Fighting the illusive foe  
Solution-segregation  
Mutual distrust, corrupted regime  
There's no common truth!

All the measures have failed  
Code red-is extermination  
The chemical death

Code red, code red
