## **Collateral Damage**

## **Thy Disease**

Liberation is a fiction
Implementing of a foreign rule
They are hostile
In those desert lands

There are no universal values Dogmatic point of view Arrogant force arouses resistance

All the resistance is pointless Supporting rebels is a treason Who wow i submit to us is a terrorist And will be treated as such

Invincible armed forces
Use of guided munitions
Exceptional display of force
Civilians die

You're going down motherfucker You're going down motherfucker You're going down

So called "collateral damage"
Praise and hurt
Liberation is a fiction
Implementing of a foreign rule
