Thy Disease

Corrupted. falling apart
Expansion will keep us on tracks
Structure thriving on lies
Slow steps...

You don't see
Your society infected
Ruled by fear
You're sinking deeper and deeper

We'll get there. into every mind
Brighter tomorrow awaits '
In the world of just one master
Everyone is a slave

Superpower-syndicate
Global corporation
In the name of freedom
And liberation of masses
Thirst for resources
Global domination
