

Merry Go Round

Tiffany Evans

I hate games but boy I'll still play
You toxic for me but you make me stay
I know you gotta girl but you're still calling
And I just keep hearing your lies
I cannot make up my mind

Oh, you, f*ck me so good I can't get away
Still I don't know why I stay

It's like a Merry Go Round, boy I be spinning
When you come around, boy I left you all up in it
I know my friends ain't proud but it ain't they business
'Cause I'm the only one that really gotta deal with it
So around we go
Around we go
Around we go
Around we go
Around we go

Here I go again boy I'm losing
Feeling on my body 'cause I'm missing you
I know by now you may think I'm crazy
'Cause I let you in and I send you away
I know she's there and she's taking my place
I was there first and you gave it away
Hol' up

Tell that dumb bitch she could stay
You know you'll be back here with me

Too many times that I felt this way
Want you to myself yeah I'm selfish, yeah
I know you thought you was bout to upgrade
I know that you didn't think this bitch better than me

It's like a Merry Go Round, boy I be spinning
When you come around, boy I left you all up in it
I know my friends ain't proud but it ain't they business
'Cause I'm the only one that really gotta deal with it
So around we go
Around we go
Around we go
Around we go
Around we go

You always know just where to touch me boy
I need ya like the flowers need the sun

It's like a Merry Go Round, boy I be spinning
When you come around, boy I left you all up in it
I know my friends ain't proud but it ain't they business
'Cause I'm the only one that really gotta deal with it
So around we go
Around we go
Around we go
Around we go
Around we go
