

A new face in your family home
I know I've seen you before but I just can't place it
I write my name on a sympathy note
The medicine cabinet and the mirror that is hiding it

Reflecting everything
That I don't think you look for
And I'm fine with it

Wind me up and I'll say what you want me to say
"I'm doing alright" "I'll give it a try anyway"
Wind me up and I'll do what you want me to do
We all fall apart in the same way

The stranger in your family portrait
I know I've seen you before but I just can't place it
You're burning all the things you worked for
The medicine cabinet and the mirror that is hiding it

Reflecting everything
That I don't think you look for
And I'm fine with it
Cause I wish you could see yourself
Burn away
Breaking every mirror
And I'll stay the same
You'll call my name so you can

Wind me up and I'll say what you want me to say
"I'm doing alright" "I'll give it a try anyway"
Wind me up and I'll do what you want me to do
We all fall apart in the same way

We all fall apart in the same way
We all fall apart in the same way

Wind me up and I'll say what you want me to say
"I'm doing alright" "I'll give it a try anyway"
Wind me up and I'll do what you want me to do
We all fall apart in the same way
