

Body Language

Tigers Jaw

Afraid of a shadow
Are you with me tonight
Leave me a light on
Or leave me behind

Are we drifting in and out of a daydream
Cause all I'm wondering all the while is are you with me?

Oh I can feel a pulse
Oh I can read your body language
Oh I can feel a pulse
Oh I can read your body language

It's all I've ever known
You're a part of me that I can't live without
How I used to memorize your movements
Now I can't pick you out of a crowd
Take away my confidence
Your body language tells me everything
Cause you won't tell me anything

Shatter a mirror
Pick up the pieces
Seeing your face
A thousand times is not enough

And are we drifting in and out of a daydream
Cause all I'm wondering all the while is are you with me?

Oh I can feel a pulse
Oh I can read your body language
Oh I can feel a pulse
Oh I can read your body language

It's all I've ever known
You're a part of me that I can't live without
How I used to memorize your movements
Now I can't pick you out of a crowd
Take away my confidence
Your body language tells me everything
Cause you won't tell me anything
