

Charmer

Tigers Jaw

I was getting bored of the compliments
You were sleeping over the best part of it
Telling me something I don't care about

See my silhouette on your shoulder blade
I'm the only person that does what I want
Telling me something I don't care about
Definitely feeling unnecessary pain
Say that there's no consequence
Then you walk away

Hey I need you my new charmer
I've been thinking don't you wanna
Be my perfect babe instead
I can't sleep in other beds
Can I have ya my madonna
Muscle grinder, my new charmer
Bicep grabber, black madonna
Can I have ya, my new charmer
My new charmer, black madonna
