

Okay Paddy

Tigers Jaw

On the seven evenin just to feel sedate
Got on the bus at twenty five into eight
Got where we're were going until we were late
And everyone agreed you look really great
One two three four
Feeling kinda lazy I don't like this place
I got my hood up to here you can see my face
I hope that this week was when I don't get my grades
Cuz it's nothing like that it's just you're not in my place
One two three four
